## Welcome

The Minnehaha staff welcomes you. In addition to educating your child, it is our responsibility to provide a safe learning environment in which all students will learn. We invite you to become involved in the education of your child(ren). We hope this handbook will clearly define the rules and guidelines in order to promote consistent and fair treatment of all students and an atmosphere of open communication.

### **LAKE SUPERIOR SCHOOL DISTRICT MISSION STATEMENT**

THE MISSION OF THE LAKE SUPERIOR SCHOOL DISTRICT IS TO PROVIDE FOR ALL STUDENTS AN EDUCATIONAL ENVIRONMENT WHICH ENCOURAGES LIFELONG LEARNING, SELF-FULFILLMENT AND RESPONSIBLE CITIZENSHIP AT HOME AND WITHIN THE WORLD COMMUNITY.

### **PHILOSOPHY OF THE LAKE SUPERIOR SCHOOL DISTRICT**

The purpose of the Lake Superior School District is to work with the community in developing in our children civic responsibility, vocational competence, cultural appreciation, moral sensitivity, and mental and physical health. It is with the education aspects of these goals that the schools must be primarily concerned.

In addition, it is the desire of LSSD that each individual develop an enjoyment of learning which will lead him or her to continue his or her education throughout his or her life. People of all ages will be assisted in achieving their educational objectives.

Each child will be treated as an individual, to be helped to achieve as much as he or she can with the abilities and interests he or she possesses.

Working toward these goals we will cooperate with and seek the support of the entire community.

### **General Information**

#### **ATTENDANCE AND TARDINESS**

**Procedures for reporting absences:** For absences other than prearranged, the parents or guardians are requested to call the school office stating the students name grade and reasons for absence before 10:00 a.m. the same day. If you get our voicemail, please leave a message. **834-8221 ext. 8401**

**Tardies:** Three tardies to school will equate to one unexcused absence as per district policy. See appendix.

**Appointments during the school day:** If a student will be leaving during the school day they should bring a note to the office before the start of the school day to limit disruptions to classroom instruction.

**Students leaving before the end of the day:** The Administrative office **MUST** sign out any student leaving school prior to the end of the school day for any reason.

All children in the Lake Superior School District five (5) years of age or older by September 1 on any given year have the right to attend public school until they graduate from the twelfth grade or reach the age twenty- one (21). Children between the ages of seven (7) and seventeen (17) must attend, and children between the ages seventeen (17) and twenty-one (21) must attend until completion of the tenth grade. Children with certain special handicaps or physical or mental conditions may have to attend school at a location outside the district, if determined that the district does not have a program suitable for such children. Children in areas far removed from district schools may also have to attend school outside the district in some instances. The school board will make the decision as to when attendance outside the district is necessary. Tuition for all children attending outside the district, at the option of the school board, will be the responsibility of the district.

#### **SCHOOL ABSENCES:**

In order for an absence to be excused the school **MUST** be notified **WITHIN 24 HOURS OF AN ABSENCE** and it must meet one of the following criteria:

When a student cannot attend school as required, a phone call from a parent or guardian excusing the absence must be received by office staff or a written excuse, signed by parent/guardian, must be submitted. For long-term absences, a statement from a physician may be required. Board action may be necessary to approve excuses which extend for an entire school year or where there is no definite plan for a child's illness, or where a child will be absent for an extended time and school and child are experiencing a hardship.

**Excused absences:** Excused absences are **limited to illness, medical and dental appointments at the parent's request (we encourage parents to schedule these appointments outside of the school day if possible), family emergencies, special events such as funerals and weddings, legal matters such as court and social service appointments.**

Schoolwork may be made up and full credit received for these absences.

**Unexcused absences:** A student can leave school upon their parent's request but will receive an **unexcused absence**. Students are responsible for making up assignments missed as a result of all absences.

**Pre-arranged absences:** Parents who know in advance that their child will be absent from school for an extended period of time should contact the office. **This does not mean it is an excused absence.** Parents should also contact their child's teacher to arrange make-up work.

**Reporting Truancy** Your school is obligated to report excessive absences, continuing truancy, and habitual truancy to the Lake County Attorney's Office.

**"Continuing truant"** means a child who is absent from instruction in a school as defined in section 120A. 05, without valid excuse within a single school year for (1) three days if the child is in elementary school (260A.02) **"Habitual truant"** means a child under the age of 16 years who is absent from attendance at school without lawful excuse for seven school days.

### **RESTRICTED CONTACT WITH A STUDENT**

It is the parent's/guardian's responsibility to inform and provide the school with current documentation if anyone is **legally** restricted from contact with a child.

### **Breakfast Program**

The Lake Superior School District will participate in the School Breakfast Program. Breakfast will be offered 7:30 to 7:50 a.m. in all schools at a cost of \$1.25. Children eligible for free or reduced priced lunch are eligible for free breakfast.

If, at a particular school, participation is fewer than 25 students, the breakfast program may be dropped at that school.

A school breakfast is a fast, fun, and economical way for your child(ren) to obtain what is probably the most important meal of the day. We look forward to having your child(ren) join us.

### **BUS REGULATIONS**

Bus drivers are not permitted to take on children other than their regular assigned passengers, except in emergency cases when the parent may send a request which must be signed by the principal before being presented to the driver. Permission will not be granted for going to birthday parties, school meetings, etc. The bus driver has the obligation to get children to and from school safely and on time.

Misbehavior of children may interfere with the bus driver's job and may cause a serious accident. Pupils must obey the directions of the driver and the rules for riding the bus. Those who fail to do so will receive warning notices and **may be excluded from riding**. See Transportation Policy in appendix.

### **COUNSELOR**

At the elementary level, the counselor provides developmental education through classroom lessons and group or individual counseling for educational, personal, and social, concerns. Your school has a full-time counselor to work with students who have been referred or who request to speak to her. If you need help arranging this, contact your child's teacher or the office

### **DISMISSAL DURING THE SCHOOL DAY**

Please report to the office if you must pick your child up during the school day. You may be asked to show a picture I.D. The student will be called out of class by the office staff. A parent/guardian must provide a written note if someone else has been given permission to pick his/her child up from school. This regulation is for the safety of your child.

### **DRESS AND APPEARANCE**

Students are not subjected to a formal dress code, however they are expected to dress appropriately for the weather and school environment including the playground. In order to provide the very best learning environment, clothing or hairstyles deemed disruptive or which cause a distraction to the educational process will not be allowed. Teachers and other staff will make the determination of disruption or distraction. Another example would be flip-flops, sandals or slip on clogs or slide type shoes. These are not appropriate for school because students are on the playground running and climbing and these have been known to cause injury. (See Policy 504 in Appendix)

### **EARLY CHILDHOOD FAMILY EDUCATION (ECFE)**

This program provides a variety of quality learning opportunities and resources for parents and their children from birth up to kindergarten. Learning activities in the children's classroom promote cognitive skill development. The parent discussions focus on child development, child raising strategies and parent concerns.

### **EARLY CHILDHOOD SPECIAL EDUCATION (ECSE)**

Early intervention for children with disabilities enhances school success and the ECSE program provides these services from birth to kindergarten. Families are encouraged to assume an important role in the development and delivery of services for their children. Professional staff work with families to develop an individualized plan. Services are provided in a variety of places including the student's home, center-based classrooms, early childhood family education settings, and community

preschool classrooms.

The program focuses on the development of a child's skills in one or more of the following areas: a) speech/language, b) social/emotional development, c) self-help, d) motor, and e) pre-academics. You may call to discuss concerns about the development of your child and refer him/her for services. Please call 218-834-8221 x 8414 for more information.

### **ELECTRONIC DEVICES**

Radios (including headsets), CD players, MP3 players, iPods, tape recorders, pagers/beepers, cell phones, and other electronic devices are not allowed during school hours. If any situation arises where an electronic device is a disruption, the device will be confiscated. *The school district is not responsible for any lost items.*

### **ENROLLMENT/ EMERGENCY FORMS**

Parents will be asked to fill out an enrollment information sheet for each student the first week of school. It is very important that all information is filled in, including work or cell phone numbers, and current address and phone numbers. This information is kept in the office and is used for emergencies only. If you should have an address, phone, or change in work place during the school year, please notify the office so that we keep our records current. If an emergency occurs, and a parent cannot be contacted, the contact person on the child's emergency form will be called. Parent's cooperation in providing complete information on this form is requested and appreciated. It is very important to have this information as current as possible. Please list two parties on this form. If the child is extremely ill and we cannot contact anyone, the school will then contact the Lake View Memorial Hospital for care under a doctor's supervision. If the emergency is an urgent nature, school staff will call 911. A copy of the emergency information will be given to the ambulance attendant.

### **ENTRANCE TO THE BUILDING**

***It is necessary to check in*** at the school's main office anytime a visitor enters the building. If you are staying for any length of time, other than to attend a program, you will need to sign in and wear a name tag identifying you as a visitor.

### **EXCUSE FROM PHYSICAL EDUCATION**

Please send a request to the teacher if your child needs to be excused from physical education. Written instructions are required from the student's physician if he/she is to be excused for more than two days, and they must include a re-entry date.

### **FIELD TRIPS**

Class trips provide concrete learning experiences with opportunities for student training in courtesy, safety, and good citizenship. The cost of field trips may require a small fee to pay for part of the expense. Parent/guardian permission is also required for children to participate in field trips.

**STUDENTS WHO ARE BEHIND ON SCHOOL WORK OR HAVE HAD BEHAVIORAL PROBLEMS WILL NOT BE ALLOWED TO PARTICIPATE IN THESE FIELD TRIPS. PARENTS WILL BE NOTIFIED IF THEIR SON/DAUGHTER CANNOT ATTEND AND STUDENTS THAT STAY BEHIND WILL BE REQUIRED TO ATTEND SCHOOL AND WILL BE ASSIGNED ALTERNATIVE LESSONS TO THE FIELD TRIP EXPERIENCE.**

### **FINES/CHARGES**

School textbooks, media resources, and other instructional materials are expensive. Children are expected to take care of the items issued to them. School personnel will assess the cost for material that either are not returned to school or have been damaged. ***You are responsible for paying this cost.***

### **HEALTH SCREENINGS**

Vision testing will be done routinely and upon the request from teacher and/or parent. Hearing screening will also be done routinely and upon the request from a teacher and/or parent. Please inform us if your child has special health problems so we may plan a program accordingly. In a like manner, we will inform individual families of any new health problem we detect.

### **ILLNESS AND INJURY**

The school provides the best first aid possible. The nurse's office does not diagnose illnesses or assume care that may be required by a doctor. All injuries are referred to the nurse's office where first aid is administered. If judged serious, parents will be notified. In any questionable situations, parents will be called or adults listed on the emergency form if parents cannot be reached.

A child is usually sent to the nurse's office if they report they are ill during the school day, or if the teacher observes that a child is not feeling well. The child's complaints are checked and sometimes only a short rest is needed in the nurse's office. However, if a child has an elevated temperature, symptoms of an upper respiratory infection, rash, pain, or vomiting, the parents will be called to come and take their child home.

Children who have a contagious illness or are experiencing vomiting, diarrhea, or other symptoms of illness that may prohibit active participation in school routines should not be in school. **Children should be free of vomiting, and diarrhea symptoms for 24 hours prior to their return to school.**

If a doctor has confirmed that a child has contracted a contagious disease, the parent/guardian should inform the school nurse. Parents of other children may then be cautioned to watch for signs of the disease and help prevent its spread throughout the classroom.

**IMMUNIZATION REQUIREMENTS**

According to state law, all children must be in compliance with state immunization requirements, be in the process of receiving the immunization series, or meet exemption criteria before starting school. Exemptions are permitted for medical reasons or due to the conscientiously held beliefs of the parent/guardian.

A chart of vaccinations that are required or recommended for K-12 children is listed below. Find your child’s age or grade level and read across to the right. Have they had the number of shots shown by the checkmark(s)? Each row is meant to be read separately, so don’t add up the columns of checkmarks under each vaccine.

\*unless a Td was given after the 7<sup>th</sup> birthday; then it must be repeated 10 years after the last dose

**LOCKERS**

School lockers are provided for the convenience of the children and are the property of the school district. Inspection of the locker interiors may be conducted by school authorities for any reason, at any time, without notice, student consent, and a search warrant. The personal possessions within a school locker may be searched only when school authorities suspect that the search will uncover evidence of a violation of law or school rules.

**LOST AND FOUND**

**Please label all of your children’s belongings.** Tag gloves, mittens, hats, sweaters, boots, shoes, etc. Each year many such articles are left in our lost and found box and never claimed. We will hold these articles for a reasonable period of time and then dispose of them. We ask that when you visit the school, please take the time to examine our lost and found items on the table in the cafeteria.

We urge you to mark ALL clothing items with your child’s name. Permanent ink and/or tape securely sewn in place are the best methods. **The District is not responsible for any lost or stolen items.**

**ATTENTION PARENTS:**

**Do your part to bring additional funding to our school district.**

Applications for free and reduced meals are available on line at:

<https://arcc.infinitecampus.org/campus/portal/lakesuperior.jsp> in your child’s school office or in the District Office. Look for the colored form called “Application for Educational Benefits” to come in the mail before the school year begins. These applications should be returned as soon as possible so that determinations of eligibility can be made.

All households are encouraged to play a part in bringing additional funding to the district. In order for your school to receive extra federal funding, our district must submit your application to the federal government by **October 1, 2016**. You may turn in an application at any time during the year, but **applications processed after that time will not help schools receive extra funding**. Applications are for the current school year only; **you must reapply each school year**. Applications are kept confidential and only the district office will have access to the information on your application.

**Lunch/Breakfast Program**

Students and staff in the Lake Superior School District must have money in their food service account to make purchases in the kitchen. No cash will be accepted at the register. If there was money remaining in an account at the end of the school year, it will transfer to the next school year. PIN numbers will remain the same. Food service accounts can be paid in the school office or through e-Store at <https://arcc.infinitecampus.org/campus/portal/lakesuperior.jsp>

"

**MAKE-UP WORK**

Elementary personnel feel that the majority of the student's energies should be spent on getting well. However, if a parent decides after several days of illness that the child is able to do school work, he/she should contact the school office. Homework will be given. Assignments may be modified for absent children. **All assigned work should be completed and returned in a reasonable length of time once the student returns to school.**

**MEDICATION**

School personnel will dispense only medications that have been prescribed by a physician. If medication is needed during the school day, the policy is as follows:

1. **Parents/guardians must inform the nurse** when a pupil requires medications during the school day.
2. **A written statement is required** from the parent/guardian and physician authorizing the administration of all medications thereby releasing school personnel from liability should reactions result from the medication. The written statement must include the student's name, diagnosis, name of medication, dose, time to be given, and signatures of parent/guardian and physician. Forms are available from the Office.
3. **Medication must be provided** in pharmacy labeled containers that indicate pharmacy name and telephone number, student's name, physician, name and dosage of medication. The pharmacy shall be requested to split medication into duplicate bottles if it is necessary to give medication during school hours. One bottle will be kept at home and the other at school under the care of school authorities.
4. The nurse will administer prescribed medication. In the absence of the nurse, the medication will be dispensed by a designee named by the principal in consultation with the nurse. Children will be allowed to carry and self-administer medications only with a physician's and parent's written permission, in cases of potential emergency.
5. Tylenol or other over-the-counter medicines will be administered to children only with a physician's written order in addition to the parent authorization as required above. **Over-the-counter medication must be in the original container.**

**MUSIC PROGRAM INSTRUCTION**

A specialist teaches music to all students in grades K-5 for forty-five minutes every other day. A program is presented in December and in March.

This year, conferences are scheduled for November 13<sup>th</sup> from 5:00- 8:00 PM and November 14 All day and 5:00- 8:00 PM. ## **SCHOOL HOURS**

Parents/guardians should not send their children to school more than ten (10) minutes before the school day begins. Time prior to the start of the school day is used by teachers to prepare for the day's work. School begins at 7:50 AM and is dismissed at 3:30 PM. School is in session four days per week. See calendar in appendix.

## **SCHOOL PARTIES AND TREATS**

During the school year, three parties might typically be held in a classroom. These activities are well planned and the treats are simple and sensible. The parties are planned for the latter part of the school day and are limited to approximately one hour. Food for these parties cannot be homemade, but must be commercially prepared to avoid the danger of improperly handled foods. Parents wishing to commemorate events such as birthdays or personal achievements may bring commercially prepared treats that can be easily distributed within the classroom.

## **SPECIAL EDUCATION SERVICES**

Special education services are provided to meet the needs of children with disabilities. Children receiving special education services are found eligible for services through an evaluation and must meet criteria in one of the state disability categories. Teachers licensed in the area of special education provide special education services along with related service providers, such as school psychologists, occupational therapists, speech/language pathologists, social workers, and physical therapists. An individual education program (IEP) is developed to address the needs that result from the student's disability. Children receiving services have disabilities in one or more of the following categories: a) autism spectrum disorder, b) deaf or blindness, c) emotional or behavioral disorders, d) deaf or hard-of-hearing, e) developmental cognitive disability, f) other health disabled, g) physically impaired, h) severely multiply impaired, i) specific learning disabilities, j) speech or language impairments, k) visually impaired, l) traumatic brain injury, m) developmentally delayed, and n) developmentally adapted physical education.

"If your child is referred to special education for an assessment, the district will enter your child's name and date of birth into the Minnesota Medicaid System to find out if your child receiving Medical Assistance or MinnesotaCare. If you do not want the district to enter your child's name and date of birth into the Minnesota Medicaid System, please inform your child's principal that you do not want the district to check the Medicaid System. "

## **SPECIAL HEALTH CARE NEEDS**

The primary responsibility for a student's health care rests with the parent/guardian. School health service is supportive health care that enables education of the student in a safe manner. A student with a "special health care need" is one with a chronic health problem that requires specialized health support beyond routine medication administration during the school day in order to attend school. These children may or may not require special education.

## **SPECIAL HEALTH NEEDS PROCEDURE**

1. Children with special health care needs must be identified and appropriate initial plans developed. A team meeting that includes parents/guardians, student (if reasonable), nurse, appropriate teacher, and others as directed by the principal shall be held for the purpose of –

- establishing the needs and the plan of care (Individualized Healthcare Plan); and
- initiating the 504 or IEP process, if indicated.

2. Provision of direct health care procedures beyond medication administration (g-tube feedings, catheterization, etc.) shall be authorized by physician order and parent/guardian signature. *Orders must be renewed at least yearly or at the time of any changes in the procedure.*

4. The school nurse will be responsible for the case management of all special health needs. The nurse may delegate health care in accordance with the Minnesota Nurse Practice Act when necessary. A regular documented program of training and supervision of appropriate teachers and other involved school personnel will be required.

5. An Individualized Healthcare Plan (IHP) shall document the student's health concern/need, plan of care, and goals/desired outcomes. The IHP should also include an emergency plan if a student's condition may predictably result in an emergency situation. The IHP is the result of the initial team conference. It is written by the nurse and filed in the student's health folder.
6. Information regarding a student's health needs shall be shared with those personnel who need to know in order to work with that student. This information shall be considered private in accordance with federal and state data practices law.
7. The provision of special health care will be done in a manner that will protect privacy, promote developmentally appropriate student independence, and minimize interruption to the education of the individual student and other children in the classroom. The location of services will be determined on an individual basis with previous factors, safety, and classroom needs in mind.

### **TEACHER REQUESTS**

**There is no school or district policy that says parents may choose their child's teacher.** Please do not send letters requesting a particular teacher for your child. All of the teachers at the Minnehaha are highly qualified and maintain classrooms that are orderly and conducive to learning. Students are assigned to classrooms based upon their individual social and academic skills to achieve a balance of learners with varying needs. Your understanding is appreciated. If you have further questions, please call the principal.

### **TELEPHONE USAGE/CELL PHONES**

**Children** will be permitted to use the school telephone *in case of an emergency only* or as directed by a staff member. **Cell phones** are not allowed during school hours. If a situation occurs where they cause a disruption, the device will be confiscated. The school district is not responsible for any lost or stolen items.

### **Title I**

Title I services are for those students who are struggling with basic skills in reading and/ or math. Title I services are in addition to the regular classroom instruction of 123 minutes of reading and 75 minutes of math. Extended time Title I services may be available for those students who qualify. Title I Teachers work with the classroom teachers and parents to plan a program to assist the child in learning. Parental involvement in the Title I program is strongly encouraged.

### **Title IX**

It is the policy of the Lake Superior School District #381 not to discriminate on the basis of sex, race, color, or national origin on its education programs, activities, or employment policies, as required by Title IV and Title IX of the 1972 Education Amendment.

### **VISITORS IN CLASSROOMS**

District 381 encourages parent involvement in your child's educational experience. We ask that parents prearrange visits with the classroom teacher and generally limit visits to 30-60 minutes. ID may be required. No other children will be permitted to accompany the parent during the visit. Children (cousins, friends, etc.) are not permitted to visit classrooms. **We ask all visitors to please sign in at the office.**

### **Weather Policy**

The decision of sending or not sending children to school in stormy weather is the responsibility of the parent. In the event that the schools are closed because of severe weather conditions you will be notified by the district's Instant Alert System. Please be sure you have all phone numbers you want called indicated on the student enrollment form. An announcement will be made on the radio station **KDAL (610) and Television Channel 6.**

### **WITHDRAWING A CHILD FROM SCHOOL**

When transferring from one school to another, both school offices involved should be notified in advance of the move. *Parents/guardians are requested to inform the school office of their intent to move as far in advance as possible.* If the move is within District 381, records will be automatically transferred to the new school. If moving out of District 381, the new school is responsible for requesting school records from the student's current school.

## EMERGENCY/CRISIS DISMISSAL & STUDENT RELEASE PROTOCOL

Certain situations may warrant the dismissal of students from school early or from an alternate location. In the event of a crisis during the school day parents may wish to sign students out for the remainder of the day. Please refer to the following guidelines for dismissing or releasing students.

### EVACUATION

In the event that students are evacuated from the school and school is dismissed, you will receive a message from the instant alert system. It will provide detailed information regarding how and where to pick up your child. Please leave the school telephone line open for emergency personnel. Students on a regular bus route will proceed to their bus. The parent or legal guardian must report to the office to pick up their child.

### LOCK DOWN

Lock Down situations are very serious. If a LOCK DOWN situation is required, parents should not proceed to the school. Students will not be released **during** a lock down. Parents who proceed to the school property during a lock down will be considered hostile and placed under arrest by law enforcement officials. Parents should stay off the phone and wait for the instant alert message providing detailed instructions as to the situation and how and when to proceed.

### SEVERE WEATHER/SHELTERING

Students will be released in a severe weather or sheltering emergency following established sign out procedures.

## 506 STUDENT DISCIPLINE

### I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

### II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. It is the position of the school district that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

In view of the foregoing and in accordance with Minn. Stat. § 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

Any guidelines or directives established to implement this policy shall be submitted to the school board for approval and shall be attached as an addendum to this policy.

**VII. DISCIPLINARY ACTION OPTIONS**

It is the general policy of the school district to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district rules, regulations, policies or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor or other school district personnel, and verbal warning;

**VIII. REMOVAL OF STUDENTS FROM CLASS**

A. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed three (3) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn;

2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;
3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student Conduct in this policy; or
4. Other conduct, which in the discretion of the teacher or administration, requires removal of the student from class.

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.
- C. Procedures for Removal of a Student From a Class.  
Notify Dean of Students or Principal:
  1. Specify procedures to be followed by a teacher, administrator or other school district employee to remove a student from a class;
  2. Teacher will obtain approval to remove student from Dean of Students or Principal.
  3. Teacher will complete a Student Incident Report (Electronic or Paper).
- D. Responsibility for and Custody of a Student Removed From Class.
  1. Where student is to go when removed;
  2. How student is to get to designated destination;
  3. Whether student must be accompanied;
  4. What student is to do when and while removed will be discussed and decided upon with the individual teacher involved and administration.
  5. Who has control over and responsibility for student after removal from class.
- E. Procedures for Return of Student to a Class shall be Decided upon by the Individual Teacher and the Administration.
- F. Procedures for Notification.
  1. The administrator or teacher will make a reasonable attempt to notify parents/guardians of violations of the rules of conduct and resulting disciplinary action.

  3. Establishment of teacher reporting procedures to the chemical abuse preassessment team pursuant to Minn. Stat. § 121A.29.

## IX. DISMISSAL

- A. "Dismissal" means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.  
The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.  
The school district shall not dismiss any student without attempting to provide alternative educational services before dismissal proceedings, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.
- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:
  1. Willful violation of any reasonable school board regulation, including those found in this policy;
  2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
  3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.
- C. Suspension Procedures
  1. "Suspension" means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school

days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less, except as may be provided in federal law for a student with a disability.

2. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the pupil's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
3. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.
4. In the case of a student with a disability, the student's individual education plan team shall meet immediately but not more than ten (10) school days after the date on which the decision to remove the student from the student's current education placement is made. The individual education plan team shall, at the meeting, conduct a review of the relationship between the child's disability and the behavior subject to disciplinary action, and determine the appropriateness of the child's education plan.  
The requirements of the individual education plan team meeting apply when: (1) the parent requests a meeting; (2) the student is removed from the student's current placement for five (5) or more consecutive days; or (3) the student's total days of removal from the student's placement during the school year exceed ten (10) cumulative days in a school year. The school administration shall implement alternative educational services when the suspension exceeds five (5) days. A separate administrative conference shall be conducted for each period of suspension.
5. The school administration shall implement alternative educational services when the suspension exceeds five (5) days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minn. Stat. § 123A.05 selected to allow the pupil to progress toward meeting graduation standards under Minn. Stat. § 120B.02, although in a different setting.
6. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
7. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:

- a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
  - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
  - c. petition the juvenile court that the student is in need of services under Minn. Stat. Ch. 260C.
8. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
  9. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
  10. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
  11. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) days.

D. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§121A.40-121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56; describe alternative educational services accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE).
6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent or guardian and shall be closed, unless the student, parent or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.

10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minn. Stat. § 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

**X. ADMISSION OR READMISSION PLAN**

A school administrator shall prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan may include measures to improve the student's behavior, including completing a character education program consistent with Minn. Stat. § 120B.232, Subd. 1, and require parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

**XI. NOTIFICATION OF POLICY VIOLATIONS**

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

**XII. STUDENT DISCIPLINE RECORDS**

It is the policy of the school district that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13.

**XIII. DISABLED STUDENTS**

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Where a student is dismissed for five (5) or more consecutive days, or has accumulated more than ten (10) days of dismissal over the course of the school year, the school district will convene a meeting to determine whether the student's educational program is appropriate and to review all relevant information in order to determine whether the behavior subject to discipline is a manifestation of the student's disability. Such a meeting must be held within ten (10) school days of the school district's decision to remove the student from his or her current educational placement and must be held before commencing an expulsion or exclusion of the student. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior. If the student was placed in a 45-day interim alternative educational setting pending the manifestation determination, the student will be returned to the placement from which the student was removed unless the student and school district agree to a change of placement as part of the modification of the behavioral intervention plan.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

**XIV. OPEN ENROLLED STUDENTS**

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minn. Stat. § 124D.03) or Enrollment in Nonresident District (Minn. Stat. § 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minn. Stat. Ch. 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of sixteen (16) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

**XV. DISTRIBUTION OF POLICY**

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

**XVI. REVIEW OF POLICY**

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

514 **BULLYING PROHIBITION POLICY**

*[Note: School districts are required by statute to have a policy addressing bullying.]*

**I. PURPOSE**

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student’s ability to learn and/or a teacher’s ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

**II. GENERAL STATEMENT OF POLICY**

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student’s act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student’s educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- C. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.
- D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- E. False accusations or reports of bullying against another student are prohibited.
- F. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district’s policies and procedures, including the school district’s discipline policy (See MSBA/MASA Model Policy 506). The school district may take into account the following factors:

- 1. The developmental ages and maturity levels of the parties involved;
- 2. The levels of harm, surrounding circumstances, and nature of the behavior;
- 3. Past incidences or past or continuing patterns of behavior;
- 4. The relationship between the parties involved; and
- 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- G. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

**III. DEFINITIONS**

For purposes of this policy, the definitions included in this section apply.

- A. “Bullying” means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:
  - 1. an actual or perceived imbalance of power exists between the student engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or

A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.
- C. The building principal, the principal’s designee, or the building supervisor (hereinafter the “building report taker”) is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.  
The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.
- D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.
- E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of

bullying and the record of any resulting investigation.

- F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, work assignments, or educational or work environment.
- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.
- C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.

Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy (See MSBA/MASA Model Policy 506) and other applicable school district policies; and applicable regulations.
- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.
- F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the school district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

**VI. RETALIATION OR REPRISAL**

The administration is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying and other prohibited conduct, to value diversity in school and society, to develop and improve students' knowledge and skills for solving problems, managing conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

The school district shall inform affected students and their parents of rights they may have under state and federal data practices laws to obtain access to data related to an incident and their right to contest the accuracy or completeness of the data. The school district may accomplish this requirement by inclusion of all or applicable parts of its protection and privacy of pupil records policy (See MSBA/MASA Model Policy 515) in the student handbook.

If the person does not receive a response within three (3) school days (not counting Saturdays, Sundays and holidays) of submitting the appeal, the person shall contact the office of the Superintendent to verify that the lack of response is not due to an inability to locate the person.
- E. Permission or denial of permission to distribute material does not imply approval or disapproval of its contents by either the school, the administration of the school, the school board, or the individual reviewing the material submitted.
