Employment Background Checks [*]

The school district will seek criminal history background checks for all applicants who receive an offer of employment with the school district. The school district also will seek criminal history background checks for all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether compensation is paid. These positions include, but are not limited to, all athletic coaches, extracurricular academic coaches, assistants, and advisors. The school district may elect to seek criminal history background checks for other volunteers, independent contractors, and student employees.

Equal Access to School Facilities

The school district has created a limited open forum for secondary students to conduct noncurriculum-related meetings during noninstructional time. The school district will not discriminate against or deny equal access or a fair opportunity on the basis of the religious, political, philosophical, or other content of the speech at such meetings. These limited open forum meetings will be voluntary and student initiated; will not be sponsored by school employees or agents; employees or agents of the school will be present at religious meetings only in a nonparticipatory capacity; the meetings will not interfere with the orderly conduct of educational activities within the school; and nonschool persons will not direct, control, or regularly attend activities of student groups. All meetings under this provision must follow the procedures established by the school district.

Fees [*]

Materials that are part of the basic educational program are provided with state, federal, and local funds at no charge to a student. Students are expected to provide their own pencils, pens, paper, erasers, notebooks, and other personal items. Students may be required to pay certain other fees or deposits, including (not an inclusive list):

- Admission fees or charges for extracurricular activities, where attendance is optional and where the admission fees or charges a student must pay to attend or participate in an extracurricular activity are the same for all students, regardless of whether the student is enrolled in a public or a home school.
- Cost for materials for a class project that exceeds minimum requirements and is kept by the student.
- Security deposits for the return of materials, supplies, or equipment.
- Personal physical education and athletic equipment and apparel.
- Items of personal use or products that a student has an option to purchase such as student publications, class rings, annuals, and graduation announcements.
- Field trips considered supplementary to the district's educational program.
- Admission fees or costs to attend or participate in optional extracurricular activities and programs.
- Voluntarily purchased student health and accident insurance.
- Use of musical instruments owned or rented by the school district.
- A school district-sponsored driver or motorcycle education training course.
- Transportation to and from school for students living within two miles of school.
- Transportation of students to and from optional extracurricular activities or post-secondary instruction conducted at locations other than school.

Students will be charged for textbooks, workbooks, and library books that are lost or destroyed. The school district may waive a required fee or deposit if the student and parent/guardian are unable to pay. For more information, contact the school's administrator.

Food in the Classrooms

Food and appropriate beverages are allowed in the cafeteria. It is up to each individual teacher's classroom rules as to whether or not food or beverages may be consumed during class. Any food items brought in to be shared must be commercially prepared, not homemade.

Fundraising

All fundraising activities conducted by student groups and organizations and/or parent groups must be approved in advance by the building administrator. Participation in nonapproved fundraising activities is a violation of school district policy. Solicitations of students or employees by students for nonschool-related activities will not be allowed during the school day.

Gifts to Employees

Employees are not allowed to solicit, accept, or receive a gift from a student, parent, or other individual or organization of greater than nominal value. Parents/guardians and students are encouraged to write letters and notes of appreciation or to give small tokens of gratitude.

Graduation Ceremony

Student participation in the graduation ceremony is a privilege, not a right. Students who have completed the requirements for graduation are allowed to participate in graduation exercises, unless participation is denied for appropriate reasons, which may include discipline. Graduation exercises are under the control and direction of the building principal(s).

Interviews of Students by Outside Agencies

Students may not be interviewed during the school day by persons other than a student's parents/guardians or school district officials, employees, and/or agents, except as provided by law and/or school policy.

Library and Media Center

Students may use the library/media center during the school day and before and after school only when a supervisor is present.

Lunch

Meals are to be eaten in designated areas only. Meal times vary by classroom. Students will be notified of their assigned meal time on the first day of school.

Students may receive a meal at school or bring a prepared meal from home. Milk will be available to supplement meals brought from home.

National School Meal Program

One breakfast and one lunch will be provided per student with no charge. Students will be charged for a second meal or ala carte items.

The meal accounting system for Lake Superior School District is a prepaid system. All meals are paid by depositing money into the individual student account before meals are served. We consider a \$5.00 balance a "low student balance." If the money remaining in the account falls below \$5.00, the student will be reminded verbally on a daily basis. All students will be allowed to charge meals regardless of a zero or negative balance but not allowed to make a la carte purchases. Any negative balances of \$50.00 or more at the end of the school year will be subject to handling by a collection agency.

You may monitor your child's lunch account by using our Parent Portal System. Through the Parent Portal, you may view your child's lunch account balance and purchases. Parent Portal is the same program used for viewing your child's attendance, grades, etc. If you haven't utilized the Parent Portal and would like to start, please contact the school. You may deposit money for your child's food service account at any building's main office. We do ask that you make it clear on the check which child's account you want credited.

Applications for free and reduced meals are available at your child's school, Parent Portal or the District Office. All households are encouraged to apply. Applications are kept confidential and only the district office will have access to the information on your applications. Applications are for the current school year only; you must reapply each school year.

If you would like to restrict the items that your child purchases to only the standard lunch options and limit the option to purchase ala carte or additional lunches, the system can accommodate this request. Please contact your school to place account limitations or address any questions or concerns you may have.

Students are not to leave school grounds during lunch or any other time during the school day without written permission from a parent and approval of the administration. Students are to eat lunch in the cafeteria. No students are allowed to be in the hallways during lunches. Students are to bus their own trays and garbage and are responsible for cleaning their lunch table and floor area. Students are not allowed to order food and have it delivered to the school during school operating hours. Lunch times vary by class and are free to students

Breakfast Program

The Lake Superior School District will participate in the School Breakfast Program. Breakfast will be offered from 7:30 to 7:50 a.m. in all schools and is free to all students. If, at a particular school, participation is fewer than 25 students, the breakfast program may be dropped at that school. A school breakfast is a fast, fun, and economical way for your child(ren) to obtain what is probably the most important meal of the day. We look forward to having your child(ren) join us.

Messages to Students

Office telephones are not for students' personal use. Students will not be called out of class to receive phone messages except in the event of an emergency. Personal cell phone use during the instructional day is prohibited.

Addendum to Internet Use and Safety Policy 524 Section XV.

Cell phones and other electronic communication devices (i.e. smart watches, tablets, earbuds, headphones, etc.) must be away for the day. Away for the day means the device is left at home, in a personal vehicle, or academic locker from the start of the academic school day to the end of the day. If a device is brought to school, students are responsible for securing it in their academic locker with a lock.

If a student needs to make a call during the day, they are to go to the main office. If a parent needs to get a hold of their student during the day they need to contact the main office.

Consequences of cell phone infractions: Students who forget and/or have a cellphone on their person or use a device during the school day are warned the first time. The second time we collect the phone for the student to pick-up from the main office at the end of the day and a parent is notified. The third offense, the parent/guardian will need to pick up the device and the phone is not to return to school for the remainder of the quarter or semester, based on previous infractions.

Nondiscrimination [*]

The school district is committed to inclusive education and providing an equal educational opportunity for all students. The school district does not discriminate on the basis of race, color, creed, religion, national origin, sex, marital status, parental status, status with regard to public assistance, disability, sexual orientation, including gender identity and expression, or age in its programs and activities. The school board has designated Gina Kleive, 218-834-8201 X8213 as the district's human rights officer, Title IX and ADA Coordinator to handle inquiries regarding nondiscrimination.

Notice of Violent Behavior by Students []**

The school district will give notice to teachers and other appropriate school district staff before students with a history of violent behavior are placed in their classrooms. Prior to giving this notice, district officials will inform the student's parent or guardian that the notice will be given. The student's

parents/guardians have the right to review and challenge their child's records, including the data documenting the history of violent behavior.

Parent and Teacher Conferences

Parent and teacher conferences will be held annually. Conference dates are published to the district calendar.

Parent Volunteers

Parents/guardians are welcome in the schools and are encouraged to volunteer in their children's classrooms. To volunteer in the school district, parents/guardians should speak to the district secretary. To volunteer in the school building or classroom, parents/guardians should contact the school office. Parents/guardians who visit the school should sign in at the security entrance before entering a classroom. All school volunteers will be screened through our visitor's security screening software program. For more information, contact the building administrator.

Pledge of Allegiance [*]

Students will recite the Pledge of Allegiance to the flag of the United States of America. Any person who does not wish to participate in reciting the Pledge of Allegiance for any personal reason may elect not to do so. Students must respect another person's right to make that choice. Students will also receive instruction in the proper etiquette toward, correct display of, and respect for the flag.

Schedules

Student schedules are published to the parent and student portals through our Student Information System (Infinite Campus)

School Activities

The school district provides opportunities for students to pursue special interests that contribute to their physical, mental, and emotional health. Formal instruction is the school district's priority.

Students who participate in school-sponsored activities are expected to responsibly represent the school and community. All rules pertaining to student conduct and student discipline apply to school activities.

All spectators at school-sponsored activities are expected to behave appropriately. Students and employees may be subject to discipline. Parents/guardians and other spectators may be subject to sanctions for inappropriate, illegal, or unsportsmanlike behavior at these activities or events.

The Lake Superior School District is a member of the Minnesota State High School League (MSHSL). Students who participate in MSHSL activities must abide by the MSHSL rules. The district will enforce all MSHSL rules during the school year and in the summer as applicable.

Employees who conduct MSHSL activities will cover applicable rules, penalties, and opportunities with students and parents/guardians prior to the start of an activity. For more information about the MSHSL rules and student eligibility requirements, contact the school's athletic director.

School Closing Procedures

School may be canceled when the superintendent believes severe weather or other circumstances threaten the safety of students and employees. The superintendent will decide as early in the day as possible about closing school or school buildings. School closing announcements will be broadcast over local media stations and the Campus Instant Alert System. Instant Alert will send automated phone calls, texts and Campus Messages, depending on the preferences chosen by each family.

Searches

In the interest of student safety and to ensure that schools are drug free, district authorities may conduct searches. Students violate school policy when they carry contraband on their person or in their personal possessions or store contraband in desks, lockers, or vehicles parked on school property. "Contraband" means any unauthorized item, the possession of which is prohibited by school district policy and/or law. If a search yields contraband, school officials will seize the item(s) and, when appropriate, give the item(s) to legal officials for ultimate disposition. Students found to be in violation of this policy are subject to discipline in accordance with the school district's "Student Discipline" policy, which may include suspension, exclusion, expulsion, and, when appropriate, the student may be referred to legal officials.

Lockers and Personal Possessions Within a Locker [*]

Under Minnesota law, school lockers are school district property. At no time does the school district relinquish its exclusive control of lockers provided for students' convenience. School officials may inspect the interior of lockers for any reason at any time, without notice, without student consent, and without a search warrant.

Students' personal possessions within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school officials will provide notice of the search to students whose lockers were searched, unless disclosure would impede an ongoing investigation by police or school officials.

Desks

School desks are school district property. At no time does the school district relinquish its exclusive control of desks provided for students' convenience. School officials may inspect the interior of desks for any reason at any time, without notice, without student consent, and without a search warrant.

Personal Possessions and Student's Person

The personal possessions of a student and/or a student's person may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

Vehicles on Campus []**

All vehicles except visitors must have a valid parking permit displayed on the dashboard.

Patrols and Inspections

School officials may conduct routine patrols of student parking lots and other school district locations and routine inspections of the exteriors of the motor vehicles of students. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

Search of the Interior of a Student's Motor Vehicle

The interior of a student's motor vehicle, including the glove and trunk compartments, in a school district location may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. The search will be reasonable in its scope and intrusiveness. Such searches may be conducted without notice, without consent, and without a search

warrant. A student will be subject to loss of parking privileges and to discipline if the student refuses to open a locked motor vehicle or its compartments under the student's control upon a school official's request.

Student Publications and Materials

The school district's policy is to protect students' free speech rights while, at the same time, preserving the district's obligation to provide a learning environment that is free of disruption. All school publications are under the supervision of the building principal and/or sponsor. Nonschool-sponsored publications may not be distributed without prior approval.

Distribution of Nonschool-Sponsored Materials on School Premises []**

The school district recognizes that students and employees have the right to express themselves on school property. This protection includes distributing nonschool-sponsored material, subject to school district regulations and procedures, at a reasonable time and place and in a reasonable manner. For detailed information, see the complete "Distribution of Nonschool-Sponsored Materials on School Premises by Students and Employees" policy (*Appendix 2*).

School-Sponsored Media

School district policy 512 sets forth the rights and responsibilities of student journalists. Student media advisers shall supervise student journalists to ensure compliance with the law and school district policies. Students producing school-sponsored media and participating in school activities will be under the supervision of a student media adviser and the school principal. Expression in school-sponsored media or school-sponsored activity is prohibited when the material:

1. is obscene to minors;
2. is defamatory;
3. is profane, harassing, threatening, or intimidating;
4. constitutes an unwarranted invasion of privacy;
5. violates federal or state law;
6. causes a material and substantial disruption of school activities;
7. is directed to inciting or producing imminent lawless action on school premises or the violation of lawful school policies or rules, including a policy adopted in accordance with Minnesota Statutes, section 121A.03 or 121A.031;
8. advertises or promotes any product or service not permitted for minors by law;
9. advocates sexual, racial, or religious harassment or violence or prejudice; or
10. is distributed or displayed in violation of time, place, and manner regulations.

Expression in school-sponsored media or school-sponsored activity is subject to school district editorial control over the style and content when the school district's actions are reasonably related to legitimate pedagogical concerns. School-sponsored media may be distributed at reasonable times and locations.

Student Records [*]

Student records are classified as public, private, or confidential. State and federal laws protect student records from unauthorized inspection or use and provide parents/guardians and eligible students with certain rights. For the purposes of student records, an "eligible" student is one who is 18 or older or who is enrolled in an institution of post-secondary education. For more information on the rights of parents/guardians and eligible students regarding student records, see "Student Records" (*Appendix 3*). A complete copy of the school district's "Protection and Privacy of Pupil Records" policy 515 may be obtained at <https://www.isd381.k12.mn.us/district-information/policies-notifications>.

Student Surveys [*]

Occasionally, the school district utilizes surveys to obtain student opinions and information about students. For complete information on the rights of parents/guardians and eligible students about conducting surveys, collection, and use of information for marketing purposes, and certain physical examinations, see "Student Surveys" (*Appendix 4*). A complete copy of the school district's "Student Surveys" policy may be obtained online through the district policy manual: <https://www.isd381.k12.mn.us/district-information/policies-notifications>

Transportation of Public School Students

The school district will provide transportation, at the expense of the school district, for all resident students who live two miles or more from the school. Transportation will be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break, except in certain circumstances. The school district will not provide transportation for students whose transportation privileges have been revoked or have been voluntarily surrendered by the students' parent or guardian.

Extracurricular Transportation

The school district may provide transportation for students to and from extracurricular activities. To the extent the school district provides extracurricular transportation, the district may charge a fee for transportation of students to and from extracurricular activities and optional field trips at locations other than school.

Video and Audio Recording

School Buses

All school buses used by the school district may be equipped for the placement and operation of a video camera. The school district will post a notice in a conspicuous location informing students that their conversations or actions may be recorded. The school district may use a video recording of the actions of student passengers as evidence in any disciplinary action arising from the students' misconduct on the bus.

Places Other Than Buses

The school district buildings and grounds may be equipped with video cameras. Video surveillance may occur in any school district building or on any school district property. Video surveillance of locker rooms or bathrooms will only be utilized in extreme situations, with extraordinary controls, and only as expressly approved by the superintendent.

PART II — ACADEMICS

Alternative Educational Opportunities

Some students may be at risk of not continuing or completing their educational programs. The school district provides alternative learning options for students at risk of not succeeding in school. Alternative educational opportunities may include special tutoring, modified curriculum and instruction, instruction through electronic media, special education services, homebound instruction, and

enrollment in an alternative learning center, among others. Students and parents/guardians with questions about these programs should contact the school counselor and/or principal.

Cheating and Plagiarism

Cheating and plagiarism are prohibited. Students who cheat or commit plagiarism on any test or assignment will be given a failing grade for that test or assignment and will be disciplined in accordance with the school district's "Student Discipline" policy (*Appendix 5*).

Early Graduation

Students may be considered for early graduation after meeting the conditions provided in school district policy.

Extended School Year Opportunities

The school district provides extended school year opportunities to a student who is the subject of an Individualized Education Program (IEP) if the student's IEP team determines the services are necessary during a break in instruction in order to provide a free and appropriate public education. For more information on extended school year opportunities for students with an IEP, contact the building principal.

Field Trips

Field trips may be offered to supplement student learning in which students voluntarily participate and, if so, students who participate may be charged. Students will not be required to pay for instructional trips that take place during the school day, relate directly to a course of study, and require student participation.

Grades

Students' grades will be reported quarterly during the year. Report cards will be delivered via mail, Parent Portal or sent home with students for review. Online grade reports may be reviewed at Infinite Campus Parent Portal.

INCOMPLETES: All incompletes that are not made up within 2 weeks of the end of the grading period will become the grade calculated with no credit being given for the remaining missing work. An extension of this policy may be arranged between the student and the classroom teacher

Graduation Requirements [*]

Students must meet all course credit requirements and graduation standards, as established by the state and the school board, in order to graduate from Lake Superior School District. All students must also pass the state-identified proficiency tests, Minnesota comprehensive assessments, alternate assessments, and/or other applicable tests. The school district may provide summer school learning and credit recovery opportunities. For more information, contact the building principal or school counselor.

Flexible Learning Year Program [*]

The school district offers its students a flexible learning year program that provides instruction throughout the year on an extended year calendar, extended school day calendar, or both. A student's participation in the program is optional. If a student participates in the program, the student may accelerate attainment of grade level requirements or graduation requirements. Students interested in participating in the flexible learning year program should contact the building principal or school counselor.

Parent Right to Know [*]

If a parent requests it, the school district will provide information regarding the professional qualifications of his/her child's classroom teachers, including, at a minimum, the following:

1. whether the teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
2. whether the teacher is teaching under emergency or other provisional licensing status through which state qualification or licensing criteria have been waived;
3. whether the teacher is teaching in the field of discipline of the certification of the teacher;
4. whether the student is provided services by paraprofessionals and, if so, their qualifications.

In addition, the school district will provide parents with information as to the level of achievement of their child in each of the state academic assessments. The school district will provide notice to parents if their child has been assigned to, or taught for four or more consecutive weeks by, a teacher who does not meet applicable State certification or licensure requirements at the grade level and subject area in which the teacher has been assigned.

PART III — RULES AND DISCIPLINE

Attendance []**

Regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability. For detailed information, see the "Student Attendance" policy (*Appendix 6*).

Bullying Prohibition [*]

The school district is committed to providing a safe and respectful learning environment for all students. Acts of bullying, in any form, by either an individual student or a group of students, are prohibited on school district property, at school-related functions or activities, on school transportation, and by misuse of technology. For detailed information, see the school district's "Bullying Prohibition" policy (*Appendix 7*).

Buses – Conduct on School Buses and Consequences for Misbehavior []**

Riding the school bus is a privilege, not a right. The school district's general student behavior rules are in effect for all students on school buses, including nonpublic and charter school students. The school district will not provide transportation for students whose transportation privileges have been revoked.

The school district is committed to transporting students in a safe and orderly manner. To accomplish this, student riders are expected to follow school district rules for waiting at a school bus stop and for riding on a school bus.

While waiting for the bus or after being dropped off at a school bus stop, all students must comply with the following rules:

- Get to the bus stop five minutes before your scheduled pick up time. The school bus driver will not wait for late students.
- Respect the property of others while waiting at the bus stop.
- Keep your arms, legs, and belongings to yourself.
- Use appropriate language.
- Stay away from the street, road, or highway when waiting for the bus.
- Wait until the bus stops before approaching the bus.
- After getting off the bus, move away from the bus.
- If you must cross the street, always cross in front of the bus where the driver can see you. Wait for the driver to signal to you before crossing the street.
- No fighting, harassment, intimidation, or horseplay.
- No use of alcohol, tobacco, or drugs.

While riding a school bus, all riders must comply with the following rules:

- Follow the driver's directions at all times.
- Remain seated facing forward while the bus is in motion.
- Talk quietly and use appropriate language.
- Keep all parts of your body inside the bus.
- Keep arms, legs, and belongings to yourself and out of the aisle.
- No fighting, harassment, intimidation, or horseplay.
- Do not throw any object.
- No eating, drinking, or use of alcohol, tobacco, or drugs.
- Do not bring any weapons or dangerous objects on the school bus.
- Do not damage the school bus.

Consequences for school bus/bus stop misconduct will be imposed by the school district under administrative discipline procedures. All school bus/bus stop misconduct will be reported to the school district's transportation safety director. Serious misconduct may be reported to local law enforcement.

Cell Phones and Other Personal Electronic Communication Devices

Addendum to Internet Use and Safety Policy 524 Section XV. Cell Phone Use

Cell phones and other electronic communication devices (i.e. smart watches, tablets, earbuds, headphones, etc.) must be away for the day. Away for the day means the device is left at home, in a personal vehicle, or academic locker from the start of the academic school day to the end of the day. If a device is brought to school, students are responsible for securing it in their academic locker with a lock.

If a student needs to make a call during the day, they are to go to the main office. If a parent needs to get a hold of their student during the day they need to contact the main office.

Consequences of cell phone infractions-Students who forget and/or have a cellphone on their person or use a device during the school day are warned the first time. The second time we collect the phone for the student to pick-up from the main office at the end of the day and a parent is notified. The third offense, the parent/guardian will need to pick up the device and the phone is not to return to school for the remainder of the quarter or semester, based on previous infractions.

Discipline [*]

Misbehavior by one student can disrupt the learning process for many other students. In addition, students must learn to practice good safety habits, value academic honesty, respect the rights of others, and obey the law. For detailed information on the Student Code of Conduct and consequences for violations, see the "Student Discipline" policy (*Appendix 5*).

Dress and Appearance

The purpose of this policy is to enhance the education of students by establishing expectations that support educational goals. Students and their families have the primary and joint responsibility for student clothing and appearance. Teachers and other district staff should exemplify and reinforce student clothing and appearance standards and help students develop an understanding of appropriate appearance in the school environment.

II. GENERAL STATEMENT OF POLICY

A. The policy of the school district is to encourage students to be dressed suitably for school activities and in keeping with community standards. B. A student's clothing or appearance may not materially and substantially disrupt or interfere with the educational mission, school environment, classwork, or school activities. A student's dress or appearance may not incite or contribute to substantial disorder or invasion of the rights of others or pose a threat to the health or safety of the student or others. C. Students' rights to choose their dress and appearance for school and school-related activities will be protected provided that the clothing:

If the administration believes a student's appearance, grooming, or mode of dress interferes with or disrupts the educational process or school activities or poses a threat to the health or safety of the student or others, the student will be directed to make modifications or a parent or guardian will be notified.

Drug-Free School and Workplace

The possession or use of alcohol, controlled substances, toxic substances, medical cannabis, nonintoxicating cannabinoids, and edible cannabinoid products are prohibited at school or in any other school location before, during, or after school hours. Paraphernalia associated with controlled substances also is prohibited. The school district will discipline or take appropriate action against anyone who violates this policy.

District policy is not violated when a person brings a controlled substance that has a currently accepted medical treatment into a school location for personal use if the person has a physician's prescription for the substance except marijuana is not allowed on school property even if prescribed. Students who have prescriptions must comply with the school district's "Student Medication and Telehealth" policy. The school district will provide an instructional program in every elementary and secondary school on chemical abuse and the prevention of chemical dependency.

Harassment and Violence Prohibition [*]

The school district strives to maintain a learning and working environment free from harassment and violence on the basis of race, color, creed, religion, national origin, sex, gender identity, age, marital status, familial status, status with regard to public assistance, sexual orientation, or disability. The school district prohibits any form of harassment or violence on the basis of race, color, creed, religion, national origin, sex, gender, age, marital status, familial status, status with regard to public assistance, sexual orientation, or disability. Detailed information on the school district's "Harassment and Violence Prohibition" policy is included in this handbook (*Appendix 8*).

Hazing is prohibited. No student will plan, direct, encourage, aid, or engage in hazing. Students who violate this rule will be subject to disciplinary action pursuant to the school district's "Student Discipline" policy. Please see the school district's "Hazing Prohibition" policy (*Appendix 9*).

Internet Acceptable Use

All school district students have conditional access to the school district's computer system, including Internet access, for limited educational purposes, including use of the system for classroom activities, educational research, and professional and career development. Use of the school district's system is a privilege, not a right. Unacceptable use of the school district's computer system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including, but not limited to, suspension, expulsion, or exclusion; or civil or criminal liability under other applicable laws.

A copy of the school district's "Internet, Technology, and Cell Phone Acceptable Use" policy is available at <https://www.isd381.k12.mn.us/district-information/policies-notifications>

Within 30 days of the start of each school year, the school district must give parents and students

direct and timely notice, by United States mail, e-mail, or other direct form of communication, of any curriculum, testing, or assessment technology provider contract affecting a student's educational data. The notice must:

1. identify each curriculum, testing, or assessment technology provider with access to educational data;
2. identify the educational data affected by the curriculum, testing, or assessment technology provider contract; and
3. include information about the contract inspection and provide contact information for a school department to which a parent or student may direct questions or concerns regarding any program or activity that allows a curriculum, testing, or assessment technology provider to access a student's educational data.

The school district must provide parents and students an opportunity to inspect a complete copy of any contract with a technology provider.

Students will receive a copy of the school district's "Internet, Technology, and Cell Phone Acceptable Use" policy and are expected to understand and agree to abide by the policy as a condition of use of the school district's computer system. All students who wish to use the school district's computer system must sign the Internet Use Agreement form annually.

Parking on School District Property

Students

The school district allows limited use and parking of motor vehicles by students in school district locations subject to the following rules:

- Parking a motor vehicle on school property during the school day is a privilege;
- Parking is permitted in designated areas only, by permit. For information, contact the school secretary.
- Students are not permitted to use motor vehicles during the school day in any school district locations unless an emergency occurs and permission has been granted to the student by the school's administrator.
- Students are permitted to use motor vehicles on the high school campus(es) only before and after the school day;
- Unauthorized vehicles parked on school district property may be towed at the expense of the owner or operator.

The school district may conduct routine patrols of school district properties and inspections of the exteriors of the motor vehicles of students. Interiors of students' vehicles in school district locations may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. If a search yields contraband, school officials may seize the item and may turn it over to legal authorities when appropriate. A student who violates this policy may be subject to withdrawal of parking privileges and/or discipline according to the school district's "Student Discipline" policy (*Appendix 5*).

Visitors

Visitors are permitted to park in designated school district visitor parking areas. Unattended vehicles left in other locations on school district property may be towed at the owner's expense.

Tobacco-Free Schools; Possession and Use of Tobacco, Tobacco-Related Devices, and Electronic Delivery Devices; Vaping Awareness and Prevention Instruction []**

School district students and staff have the right to learn and work in an environment that is tobacco free. School policy is violated by any individual's use of tobacco, tobacco-related devices, or carrying or using activated electronic delivery devices in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Students may not possess any type of tobacco, tobacco-related devices, or electronic delivery devices in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Any student who violates this policy is subject to school district discipline. For detailed information on the school district's "Tobacco-Free Environment; Possession and Use of Tobacco, Tobacco-Related Devices, and Electronic Delivery Devices; Vaping Awareness and Prevention Instruction" policy, see *Appendix 10*. Contact the school administrator if you have questions or wish to report violations.

[NOTE: Specific exceptions to the tobacco prohibition are set out in "Tobacco-Free Environment; Possession and Use of Tobacco, Tobacco-Related Devices, and Electronic Delivery Devices; Vaping Awareness and Prevention Instruction" (Policy 419).]

Vandalism

Vandalism of any district property is prohibited. Violators will be disciplined and may be reported to law enforcement officials.

Weapons Prohibition

No person will possess, use, or distribute a weapon when in a school location except as provided in school district policy. A "weapon" means any object, device, or instrument designed as a weapon or through its use is capable of threatening or producing bodily harm or which may be used to inflict self-injury including, but not limited to, any firearm, whether loaded or unloaded; airguns; pellet guns; BB guns; all knives; blades; clubs; metal knuckles; numchucks; throwing stars; explosives; fireworks; mace and other propellants; stun guns; ammunition; poisons; chains; arrows; and objects that have been modified to serve as a weapon. A weapon also includes look-alike weapons. Appropriate discipline and action will be taken against any person who violates this policy. The school district does not allow the possession, use, or distribution of weapons by students. Discipline of students will include, at a minimum: immediate out-of-school suspension; confiscation of the weapon; immediate notification of police; parent or guardian notification; and recommendation to the superintendent of dismissal for a period of time not to exceed one year. The building principal shall, as soon as practicable, refer to the criminal justice or juvenile delinquency system, as appropriate, a student who brings a firearm to school unlawfully. A student who brings a firearm to school will be expelled for at least one year, subject to school district discretion on a case-by-case basis. For a copy of the "School Weapons" policy, contact the district office.

PART IV — HEALTH AND SAFETY

Accidents

All student injuries that occur at school, at school-sponsored activities, or on school transportation should be reported to the school office. Parents/guardians of an injured student will be notified as soon as possible. If the student requires immediate medical attention, the principal or other district leader will call 911 or seek emergency medical treatment and then contact the parent(s).

Asbestos Management Plan [*]

The school district has developed an asbestos management plan. A copy of this plan can be found in the district office and is available on the district's website.

Crisis Management

The school district has developed a "Crisis Management" policy. Each school building has its own building-specific crisis management plan. Students and parents will be provided with information as to district- and school-specific plans.

The "Crisis Management" policy addresses a range of potential crisis situations in the school district. The school district has developed general crisis procedures for securing buildings, classroom evacuation, campus evacuation, sheltering, and communication procedures. The school district will conduct lock-down drills, fire drills, and a tornado drill. Building plans include classroom and building evacuation procedures.

Emergency Contact Information

Certain situations may warrant the dismissal of students from school early or from an alternate location. In the event of a crisis during the school day parents may wish to sign students out for the remainder of the day. Please refer to the following guidelines for dismissing or releasing students.

EVACUATION In the event that students are evacuated from the school and school is dismissed, you will receive a message from the instant alert system. It will provide detailed information regarding how and where to pick up your child. Please leave the school telephone line open for emergency personnel. If the nature of the emergency allows, students on a regular bus route will proceed to their bus. The parent or legal guardian must report to the office to pick up their child.

LOCK DOWN Lock Down situations are very serious. If a lockdown situation is required, parents should not proceed to the school. Students will not be released during a lockdown. Parents who proceed to the school property during a lockdown will be considered hostile and placed under arrest by law enforcement officials. Parents should stay off the phone and wait for the instant alert message providing detailed instructions as to the situation and how and when to proceed.

SEVERE WEATHER/SHELTERING Students will be released in a severe weather or sheltering emergency following established sign out procedures.

The School District has carefully designed plans to ensure children are safe during emergency situations: It would not be possible to outline all these procedures in this handbook, If parents would like more information they should contact the school principal.

Emergency Information is sent through automated phone messaging, texts and portal messaging, depending on the contact preferences provided through the student information system (Infinite Campus and Instant Alert).

Health Information

First Aid

The nurse's office in each building is equipped to handle minor injuries requiring first aid. If the nurse's office is not open, assistance can be sought from the building's administrative office. If a student experiences a more serious medical emergency at school, 911 will be called and/or a parent/guardian will be contacted depending on the situation.

The nurse's office in each building is equipped to handle minor injuries requiring first aid. If the nurse's office is not open, assistance can be sought from the building's administrative office. If a student experiences a more serious medical emergency at school, 911 will be called and/or a parent/guardian will be contacted depending on the situation.

The district has installed automated external defibrillators (AEDs) in each building in site specific locations. Tampering with any AED is prohibited and may result in discipline. Naloxone will be available at each building site and staff will be trained on how to administer this medication.

Communicable Diseases

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent or guardian suspects that his/her child has a communicable or contagious disease, the parent or guardian should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

Students with certain communicable diseases will not be excluded from attending school in their usual daily attendance settings as long as their health permits and their attendance does not create a significant risk of transmitting the illness to other students or school district employees. The school district will determine on a case-by-case basis whether a contagious student's attendance creates a significant risk of transmitting the illness to others.

Health Service

The student health office is staffed by a certified School Nurse. Students who become sick at school should report to the nurse's office. The School Nurse will arrange for students who get sick at school to go home early. A parent/guardian should notify the school office if his/her child is unable to attend school because of illness. Vision and hearing screenings occur once throughout the school year at various grade levels. Vision testing will be done routinely and upon the request from the teacher and/or parent. Hearing screening will also be done routinely and upon the request from a teacher and/or parent. Please inform us if your child has special health problems so we may plan a program accordingly. In a like manner, we will inform individual families of any new health problem we detect.

Immunizations

All students must provide proof of immunization or submit appropriate documentation exempting them from such immunizations in order to enroll or remain enrolled. Students may be exempted from the immunization requirement when the immunization of the student is contraindicated for medical reasons; laboratory confirmation of adequate immunity exists; or due to the conscientiously held beliefs of the parents/guardians or student. The school district will maintain a file containing the immunization records for each student in attendance at the school district for at least five years after the student reaches the age of 18. For a copy of the immunization schedule or to obtain an exemption form or information, contact the school nurse's office.

Medications at School During the School Day

The school district acknowledges that some students may require prescribed drugs or medication during the school day. The administration of prescription medication or drugs at school requires a completed signed request from the student's parent. An "Administering Prescription Medications" form must be completed once a year and/or when a change in the prescription or requirements for administration occurs. Prescription medications must be brought to school in the original container labeled for the student by a pharmacist, and must be administered in a manner consistent with the instructions on the label. Prescription medications are not to be carried by the student, but will be left with the appropriate school personnel. Exceptions that may be allowed include: prescription asthma medications administered with an inhaler pursuant to school district policy and procedures, medications administered as noted in a written agreement between the school district and parent or as specified in an Individualized Education Program (IEP), a plan developed under Section 504 of the Rehabilitation Act (section 504 Plan), or an individual health plan (IHP). Marijuana is not allowed on school property even if prescribed. The school district is to be notified of any change in administration of a student's prescription medication.

Suicide Prevention Information

The school district issues identification cards to students in junior high school and high school, contact information for the 988 Suicide and Crisis LifeLine (988 LifeLine), the Crisis Text line, and the county mobile crisis services is printed on the back of the student id card.

Pesticide Application Notice

The school district may plan to apply pesticide(s) on school property. To the extent the school district applies certain pesticides, the school district will provide a notice by September 15 as to the school district's plan to use these pesticides. A parent may request to be notified prior to the application of certain pesticides on days different from those specified in the notice. Additional information regarding what pesticides are used, an estimated schedule of pesticide applications (which will be available for review or copying at the school office), and the long-term health effects of the class of pesticide on children can be requested by contacting the district office.

Safety

The safety of students on campus and at school-related activities is a high priority of the district. While district-wide safety procedures are in place, student and parent cooperation is essential to ensuring school safety.

Visitors

Parents/guardians and community members are welcome to visit the schools. To ensure the safety of those in the school and to avoid disruption to the learning environment, all visitors must report directly to the visitor security entrance upon entering the building, with the exception of events open to the public. All visitors will be required to sign in at the security entrance and to wear a "visitors badge" while in the building during the school day. Visitors must have the approval of the principal before visiting a classroom during instructional time. An individual or group may be denied permission to visit a school or school property, or such permission may be revoked, if the visitor does not comply with school district procedures or if the visit is not in the best interests of the students, employee, or the school district.

Persons other than students or staff are regarded as visitors and need to park and enter through the visitor security entrances. A visitor badge/sticker must be worn during the time in the building. Schools will recognize student visitors in only the following two situations:

1. Students from other schools who are considering a transfer to the school. Their visit must be arranged by their parents or guardians at least 2 days in advance and must include an appointment made with a counselor.
2. Students who have a guest from another country may also be granted a visitor's pass if it is arranged in advance with an administrator.

Student visits for any other reason will not be permitted.

2. Distribution of Nonschool-Sponsored Materials on School Premises by Students and Employees [] [Note: See MSBA Model Policy 505]**

I. PURPOSE

The purpose of this policy is to protect the exercise of students' and employees' free speech rights, taking into consideration the educational objectives and responsibilities of the school district.

II. GENERAL STATEMENT OF POLICY

- A. The school district recognizes that students and employees have the right to express themselves on school property. This protection includes the right to distribute, at a reasonable time and place and in a reasonable manner, nonschool-sponsored material.
- B. To protect First Amendment rights, while at the same time preserving the integrity of the educational objectives and responsibilities of the school district, the school board adopts the following regulations and procedures regarding distribution of nonschool-sponsored material on school property and at school activities.

III. DEFINITIONS

- A. "Distribute" or "Distribution" means circulation or dissemination of material by means of handing out free copies, selling or offering copies for sale, accepting donations for copies, posting or displaying material, or placing material in internal staff or student mailboxes.
- B. "Nonschool-sponsored material" or "unofficial material" includes all materials or objects intended for distribution, except school newspapers, employee newsletters, literary magazines, yearbooks, and other publications funded and/or sponsored or authorized by the school. Examples of nonschool-sponsored materials include, but are not limited to, leaflets, brochures, buttons, badges, flyers, petitions, posters, and underground newspapers whether written by students or employees or others, and tangible objects.
- C. "Obscene to minors" means:
 - 1. The average person, applying contemporary community standards, would find that the material, taken as a whole, appeals to the prurient interest of minors of the age to whom distribution is requested;
 - 2. The material depicts or describes, in a manner that is patently offensive to prevailing standards in the adult community concerning how such conduct should be presented to minors of the age to whom distribution is requested, sexual conduct such as intimate sexual acts (normal or perverted), masturbation, excretory functions, or lewd exhibition of the genitals; and
 - 3. The material, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.
- D. "Minor" means any person under the age of eighteen (18).
- E. "Material and substantial disruption" of a normal school activity means:
 - 1. Where the normal school activity is an educational program of the district for which student attendance is compulsory, "material and substantial disruption"

is defined as any disruption which interferes with or impedes the implementation of that program.

2. Where the normal school activity is voluntary in nature (including, without limitation, school athletic events, school plays and concerts, and lunch periods) "material and substantial disruption" is defined as student rioting, unlawful seizures of property, conduct inappropriate to the event, participation in a school boycott, demonstration, sit-in, stand-in, walk-out, or other related forms of activity.

In order for expression to be considered disruptive, there must exist specific facts upon which the likelihood of disruption can be forecast, including past experience in the school, current events influencing student activities and behavior, and instances of actual or threatened disruption relating to the written material in question.

- F. "School activities" means any activity sponsored by the school including, but not limited to, classroom work, library activities, physical education classes, official assemblies and other similar gatherings, school athletic contests, band concerts, school plays and other theatrical productions, and in-school lunch periods.
- G. "Libelous" is a false and unprivileged statement about a specific individual that tends to harm the individual's reputation or to lower that individual in the esteem of the community.

IV. GUIDELINES

- A. Students and employees of the school district have the right to distribute, at reasonable times and places as set forth in this policy, and in a reasonable manner, nonschool-sponsored material.
- B. Requests for distribution of nonschool-sponsored material will be reviewed by the administration on a case-by-case basis. However, distribution of the materials listed below is always prohibited. Material is prohibited that:
 1. is obscene to minors;
 2. is libelous or slanderous;
 3. is pervasively indecent or vulgar or contains any indecent or vulgar language or representations, with a determination made as to the appropriateness of the material for the age level of students to which it is intended;
 4. advertises or promotes any product or service not permitted to minors by law;
 5. advocates violence or other illegal conduct;
 6. constitutes insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's race, religious, or ethnic origin);
 7. presents a clear and present likelihood that, either because of its content or the manner of distribution, it will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities, will cause the commission of unlawful acts or the violation of lawful school regulations.
- C. Distribution by students and employees of nonschool-sponsored materials on school district property are subject to reasonable time, place, and manner restrictions set forth below. In making decisions regarding the time, place, and manner of

5. Student Discipline

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.

In view of the foregoing and in accordance with Minnesota Statutes, section 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district code of conduct, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy.
 - 1) "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity for a period of time not to exceed five (5) days, pursuant to this discipline policy.

A student must be removed from class immediately if the student engages in assault or violent behavior. "Assault" is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.

C. Procedures for Removal of a Student From a Class

1. When circumstances permit, students shall be removed from class upon agreement of the appropriate teacher and principal after an informal conference with the pupil.
2. The removal from class may be imposed without an informal conference where it appears that the student will create an immediate and substantial danger to persons or property. If a student is removed from class due to immediate and substantial danger persons and no conference has been held, the teacher will notify the office immediately to inform the principal of the action taken.

Parents/guardians will be contacted to engage their support in correcting the misconduct. The staff shall provide the parent(s) or guardian(s) with the specific ground for removal, the length of period of the removal, and the conditions of re-entry. Conditions of re-entry may include the scheduling of a conference with the parent/guardian if necessary.

K. Any Procedures Determined Appropriate for Encouraging Early Involvement of Parents or Guardians in Attempts to Improve a Student's Behavior

The District recognizes that parents and guardians are essential partners in supporting positive student behavior and academic success. Encouraging parents or guardians to share information that may help school staff better understand and support the student.

Collaboratively identifying strategies, interventions, and supports that may assist the student in improving behavior.

Providing information regarding available school resources, including counseling services, behavioral supports, academic interventions, and community-based services when appropriate.

communication, social-emotional learning, multi-tiered systems of support (MTSS), Positive Behavioral Interventions and Supports (PBIS), school-based mental health services, and collaboration with community agencies. M. Any Procedures Determined Appropriate for Referring a Student in Need of Special Education Services to Those Services;

A referral for a special education evaluation may be initiated when a parent/guardian, teacher, administrator, or staff member has reason to believe the student may have a disability that adversely affects educational performance.

When concerns arise regarding a student's academic achievement, functional performance, behavior, communication, social-emotional development, or other areas that may indicate a disability, the District will follow established Minnesota Multi-Tiered System of Supports (MN MTSS) procedures to ensure that appropriate interventions and supports are considered and documented.

Refer to the Lake Superior School District's Total Special Education Systems (TSES) Manual & Restrictive Procedures Plan

5. Share community-based services, family support resources, or outside agencies.

XII. DISMISSAL

- A. "Dismissal" means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion, or expulsion.

The school district shall not dismiss any student without attempting to use nonexclusionary disciplinary policies and procedures before dismissal proceedings or pupil withdrawal agreements, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

The use of exclusionary practices for early learners as defined in Minnesota Statutes, section 121A.425 is prohibited. The use of exclusionary practices to address attendance and truancy issues is prohibited.

B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

C. Disciplinary Dismissals Prohibited

2. This section does not apply to a dismissal from school for less than one school day, except as provided under Minnesota Statutes, chapter 125A and federal law for a student receiving special education services.
3. Notwithstanding this section, expulsions and exclusions may be used only after resources outlined under nonexclusionary discipline have been exhausted, and only in circumstances where there is an ongoing serious safety threat to the child or others.

D. Suspension Procedures

1. Definition of "Suspension"

"Suspension" means an action by the school administration, under rules promulgated by the school board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day

or less where a student with a disability does not receive regular or special education instruction during that dismissal period.

The definition of suspension under Minnesota Statutes, section 121A.41, subdivision 10, does not apply to a student's dismissal from school for less than one day, except as provided under federal law for a student with a disability.

The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.

2. Opportunity to Complete School Work

School administration must allow a suspended pupil the opportunity to complete all school work assigned during the period of the pupil's suspension and to receive full credit for satisfactorily completing the assignments. The school principal or other person having administrative control of the school building or program is encouraged to designate a district or school employee as a liaison to work with the pupil's teachers to allow the suspended pupil to (1) receive timely course materials and other information, and (2) complete daily and weekly assignments and receive teachers' feedback.

3. Parent/Guardian Meeting

If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the student's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.

4. Readmission Plan

Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect.

5. Child with a Disability

A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve

a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.

6. Alternative Education Services

Alternative education services must be provided to a pupil who is suspended for more than five (5) consecutive school days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minnesota Statutes, section 123A.05 selected to allow the student to progress toward meeting graduation standards under Minnesota Statutes section 120B.02, although in a different setting.

7. Informal Administrative Conference

The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.

8. Administration Options

After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:

- a. strongly encourage a parent or guardian of the student to attend school with the student for one(1) day;
- b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
- c. petition the juvenile court that the student is in need of services under Minnesota Statutes chapter 260C.

9. Written Notice

A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes sections 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference.

10. Notification

The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.

In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.

11. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) consecutive school days.

12. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

E. Expulsion and Exclusion

A. Definitions

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.

The school district must advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from (MDE) and is posted on its website.

3. Right to a Representative

The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.

If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.

4. Hearing

a. No expulsion or exclusion shall be imposed without a hearing, unless the right a hearing is waived in writing by the student and parent or guardian.

b. Hearing Schedule

The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.

All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.

At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.

d. Hearing Officer

All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.

e. Evidence and Testimony

The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.

The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.

The student cannot be compelled to testify in the dismissal proceedings.

f. Recording

The school district shall record the hearing proceedings at district expense,

and a party may obtain a transcript at its own expense.

g. Findings and Recommendations

.The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.

5. School Board Decision

The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of the MDE (Commissioner) of the basis and reason for the decision.

6. Appeal

A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minnesota Statutes section 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.

7. Report

The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.

The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.

XIV. ADMISSION OR READMISSION PLAN

A school administrator must prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan must include measures to improve the student's behavior, which may include completing a character education program consistent with Minnesota Statutes, section 120B.232, subdivision 1, social and emotional learning, counseling, social work services, mental health services, referrals for special education or 504 evaluation, and evidence-based academic interventions. The plan must include reasonable attempts to obtain parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XV. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each exclusion or expulsion, each physical assault of a school district employee by a pupil, and each pupil withdrawal agreement within thirty (30) days of the effective date of the dismissal action, pupil withdrawal, or assault, to the Commissioner. This report must include a statement of nonexclusionary disciplinary practices, or other sanction, intervention, or resolution in response to the assault given to the pupil and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the pupil's age, grade, gender, race, and special education status.

XVI. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13.

XVII. STUDENTS WITH DISABILITIES

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XVIII. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minnesota Statutes, section 124D.03) or Enrollment in Nonresident District (Minnesota Statutes, section 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minnesota Statutes, chapter 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XIX. DISCIPLINE COMPLAINT PROCEDURE

Students, parents and other guardians, and school staff may file a complaint and seek corrective action when the requirements of the Minnesota Pupil Fair Dismissal Act, including the implementation of the local behavior and discipline policies, are not being implemented appropriately or are being discriminately applied.

The Discipline Complaint Procedure must, at a minimum:

1. provide procedures for communicating this policy including the ability for a parent to appeal a decision under Minnesota Statutes, section 121A.49 that contains explicit instructions for filing the complaint;
2. provide an opportunity for involved parties to submit additional information related to the complaint;
3. provide a procedure to begin to investigate complaints within three school days of receipt, and identify personnel who will manage the investigation and any resulting record and are responsible for keeping and regulating access to any record;
4. provide procedures for issuing a written determination to the complainant that addresses each allegation and contains findings and conclusions;
5. if the investigation finds the requirements of Minnesota Statutes, sections 121A.40 to 121A.61, including any local policies that were not implemented appropriately, contain procedures that require a corrective action plan to correct a student's record and provide relevant staff with training, coaching, or other accountability practices to ensure appropriate compliance with policies in the future; and
6. prohibit reprisals or retaliation against any person who asserts, alleges, or reports a complaint, and provide procedures for applying appropriate consequences for a person who engages in reprisal or retaliation.

XXI. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XXI. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

6. Student Attendance

I. PURPOSE

- A. The school board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability important to the future of the student. The purpose of this policy is to encourage regular school attendance. It is intended to be positive and not punitive.
- B. This policy also recognizes that class attendance is a joint responsibility to be shared by the student, parent or guardian, teacher, and administrators. This policy will assist students in attending class.

II. GENERAL STATEMENT OF POLICY

A. Responsibilities

1. Student's Responsibility

It is the student's right to be in school. It is also the student's responsibility to attend all assigned classes and study halls every day that school is in session and to be aware of and follow the correct procedures when absent from an assigned class or study hall. Finally, it is the student's responsibility to request any missed assignments due to an absence.

2. Parent or Guardian's Responsibility

It is the responsibility of the student's parent or guardian to ensure the student is attending school, to inform the school in the event of a student absence, and to work cooperatively with the school and the student to solve any attendance problems that may arise.

3. Teacher's Responsibility

It is the teacher's responsibility to take daily attendance and to maintain accurate attendance records in each assigned class and study hall. It is also the teacher's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly. It is also the teacher's responsibility to provide any student who has been absent with any missed assignments upon request. Finally, it is the teacher's responsibility to work cooperatively with the student's parent or guardian and the student to solve any attendance problems that may arise.

4. Administrator's Responsibility

a. It is the administrator's responsibility to require students to attend all assigned classes and study halls. It is also the administrator's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly to all students, to maintain accurate records on student attendance, and to prepare a list of the previous day's absences stating the status of each. Finally, it is the administrator's responsibility to inform the student's parent or guardian of the student's attendance and to work cooperatively with them and the student to solve attendance problems.

b. In accordance with the Minnesota Compulsory Instruction Law, Minnesota Statutes, section 120A.22, the students of the school district are REQUIRED to attend all assigned classes and/or study halls

every day school is in session, unless the student has been excused by the school board from attendance because the student has already completed state and school district standards required to graduate from high school, has withdrawn, or has a valid excuse for absence.

- c. The district must count a student as in attendance on each day the student receives supervision, instruction, or services from school staff during scheduled school hours. Minnesota Statutes, section 120A.22 does not remove the school district's responsibility to continue to comply with reporting requirements in Minnesota Statutes, section 126C.05 for the purposes of funding.
- d. The principal must issue and keep a record of attendance, under rules established by the school board.

B. Attendance Procedures

Attendance procedures shall be presented to the school board for review and approval. When approved by the school board, the attendance procedures will be included as an addendum to this policy.

1. Excused Absences

- a. A parent, guardian, or other person having control of a child may apply to a school district to have the child excused from attendance for the whole or any part of the time school is in session during any school year. Application may be made to a truant officer or the school official designated by the principal. A note from a physician or a licensed mental health professional stating that the child cannot attend school is a valid excuse.
- b. To be considered an excused absence, the student's parent or legal guardian may be asked to verify, in writing, the reason for the student's absence from school.
- c. The board of the district in which the child resides may approve the application under subparagraph (a) above upon a legitimate exception being demonstrated to the satisfaction of that board.
- d. Legitimate Exceptions

(1) that the child's physical or mental health is such as to prevent attendance at school or application to study for the period required, which includes:

- (a) child illness, medical, dental, orthodontic, or counseling appointments; including appointments conducted through telehealth;
- (b) family emergencies;
- (c) the death or serious illness or funeral of an immediate family member;
- (d) active duty in any military branch of the United States;

This instruction must be conducted and maintained in a place other than a public school building, and it must not, in whole or in part, be conducted and maintained at public expense. A child may be absent from school on days that the child attends upon instruction according to this clause.

c. Consequences of Excused Absences

- (1) Students whose absences are excused are required to make up all assignments missed or to complete alternative assignments as deemed appropriate by the classroom teacher.
- (2) Work missed because of absence must be made up within 2 days from the date of the student's return to school. Any work not completed within this period shall result in "no credit" for the missed assignment. However, the building principal or the classroom teacher may extend the time allowed for completion of make-up work in the case of an extended illness or other extenuating circumstances.

2. Unexcused Absences

a. The following are examples of absences which will not be excused:

- (1) Truancy. An absence by a student which was not approved by the parent and/or the school district.
- (2) Any absence in which the student failed to comply with any reporting requirements of the school district's attendance procedures.
- (3) Work at home.
- (4) Work at a business, except under a school-sponsored work release program.
- (5) Vacations with family, including college visits that are not prearranged.
- (6) Absences resulting from cumulated unexcused tardies (3 tardies equal one unexcused absence).

- (7) Any other absence not included under the attendance procedures set out in this policy.

b. Consequences of Unexcused Absences

- (1) Absences resulting from official suspension will be handled in accordance with the Pupil Fair Dismissal Act, Minnesota Statutes, section 121A.40-121A.56.

- (3) In cases of recurring unexcused absences, the administration may also request the county attorney to file a petition with the juvenile court, pursuant to Minnesota statutes.

C. Tardiness

1. Definition

Students are expected to be in their assigned area at designated times. Failure to do so constitutes tardiness.

2. Procedures for Reporting Tardiness

- a. Students tardy at the start of school must report to the school office for an admission slip.
- b. Tardiness between periods will be handled by the teacher.

3. Excused Tardiness

Valid excuses for tardiness are:

- a. Illness.

- f. Physical emergency conditions such as fire, flood, storm, etc.
- g. Any tardiness for which the student has been excused in writing by an administrator or faculty member.

4. Unexcused Tardiness

- a. An unexcused tardiness is failing to be in an assigned area at the designated time class period commences without a valid excuse.
- b. 3 unexcused tardies are equivalent to one unexcused absence.

D. Participation in Extracurricular Activities and School-Sponsored On-the-Job Training Programs

1. This policy applies to all students involved in any extracurricular activity scheduled either during or outside the school day and any school-sponsored on-the-job training programs.
2. School-initiated absences will be accepted and participation permitted.
3. A student may not participate in any activity or program if he or she has an unexcused absence from any class during the day.
4. If a student is suspended from any class, he or she may not participate in any activity or program that day.
5. If a student is absent from school due to medical reasons, he or she must present a physician's statement or a statement from the student's parent or guardian clearing the student for participation that day. The note must be presented to the coach or advisor before the student participates in the activity or program.

III. RELIGIOUS AND CULTURAL OBSERVANCES ACCOMMODATION

Reasonable efforts will be made by the school district to accommodate any student who wishes to be excused from a curricular activity for a religious observance or American Indian cultural practice, observance, or ceremony. Requests for accommodation should be directed to the building principal.

IV. DISSEMINATION OF POLICY

- A. The school district will provide annual notice to parents of the school district's policy relating to a student's absence from school for a religious or cultural observance.
- B. Copies of this policy shall be made available to all students and parents at the commencement of each school year. This policy shall also be available upon request in each principal's office.

V. REQUIRED REPORTING

A. Continuing Truant

Minnesota Statutes, section 260A.02 provides that a continuing truant is a student who is subject to the compulsory instruction requirements of Minnesota Statutes, section 120A.22 and is absent from instruction in a school, as defined in Minnesota Statutes, section 120A.05, without valid excuse within a single school year for:

1. Three (3) days if the child is in elementary school; or
2. Three (3) or more class periods on three (3) days if the child is in middle school, junior high school, or high school.

B. Reporting Responsibility

When a student is initially classified as a continuing truant, Minnesota Statutes, section 260A.03 provides that the school attendance officer or other designated school official shall notify the student's parent or legal guardian, by first class mail or other reasonable means, of the following:

1. That the child is truant;

2. That the parent or guardian should notify the school if there is a valid excuse for the child's absences;
3. That the parent or guardian is obligated to compel the attendance of the child at school pursuant to Minnesota Statutes, section 120A.22 and parents or guardians who fail to meet this obligation may be subject to prosecution under Minnesota Statutes, section 120A.34;
4. That this notification serves as the notification required by Minnesota Statutes, section 120A.34;
5. That alternative educational programs and services may be available in the child's enrolling or resident district;
6. That the parent or guardian has the right to meet with appropriate school personnel to discuss solutions to the child's truancy;
7. That if the child continues to be truant, the parent and child may be subject to juvenile court proceedings under Minnesota Statutes, section 260;
8. That if the child is subject to juvenile court proceedings, the child may be subject to suspension, restriction, or delay of the child's driving privilege pursuant to Minnesota Statutes, section 260C.201; and
9. That it is recommended that the parent or guardian accompany the child to school and attend classes with the child for one day.

C. Habitual Truant

1. A habitual truant is a child who is at least twelve (12) years old and less than eighteen (18) years old who is absent from attendance at school without lawful excuse for one or more class periods on seven (7) school days per school year if the child is in middle school, junior high school, or high school, or a child who is seventeen (17) years of age who is absent from attendance at school without lawful excuse for one(1) or more class periods on seven(7) school days per school year and who has not lawfully withdrawn from school.

Pursuant to Minnesota Statutes, section 260C.163, subdivision 11, habitual truant also means a child under age twelve (12) who has been absent from school for seven (7) school days without lawful excuse, based on a showing by clear and convincing evidence that the child's absence is not due to the failure of a child's parent, guardian, or custodian to comply with compulsory instruction laws.

2. A school district attendance officer shall refer a habitual truant child and the child's parent or legal guardian to appropriate services and procedures, under Minnesota Statutes, chapter 260A.

7. **Bullying Prohibition [*] [Note: See MSBA Model Policy 514]**

I. **PURPOSE**

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor

the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited:
 - 1. on the school premises, at the school functions or activities, on the school transportation;
 - 2. by the use of electronic technology and communications on the school premises, during the school functions or activities, on the school transportation, or on the school computers, networks, forums, and mailing lists; or
 - 3. by use of electronic technology and communications off the school premises to the extent such use substantially and materially disrupts student learning or the school environment.
- B. A school-aged child who voluntarily participates in a public school activity, such as a cocurricular or extracurricular activity, is subject to the policy provisions applicable to the public school students participating in the activity.
- C. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources. This policy also applies to sexual exploitation.
- D. Malicious and sadistic conduct involving race, color, creed, national origin, sex, age, marital status, status with regard to public assistance, disability, religion, sexual harassment, and sexual orientation and gender identity as defined in Minnesota Statutes, chapter 363A is prohibited. This prohibition applies to students, independent contractors, teachers, administrators, and other school personnel.

Malicious and sadistic conduct and sexual exploitation by a school district or school staff member, independent contractor, or enrolled student against a staff member, independent contractor, or student that occurs as described in Paragraph IIA above is prohibited.
- E. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- F. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.

- G. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- H. False accusations or reports of bullying against another student are prohibited.
- I. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy. The school district may take into account the following factors:
 - 1. The developmental ages and maturity levels of the parties involved;
 - 2. The levels of harm, surrounding circumstances, and nature of the behavior;
 - 3. Past incidences or past or continuing patterns of behavior;
 - 4. The relationship between the parties involved; and
 - 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- J. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

- A. "Bullying" means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:
 - 1. an actual or perceived imbalance of power exists between the student engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or
 - 2. materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

The term, "bullying," specifically includes cyberbullying, malicious and sadistic conduct, and sexual exploitation.

data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.

- C. "Immediately" means as soon as possible but in no event longer than twenty-four (24) hours.
- D. "Intimidating, threatening, abusive, or harming conduct" means, but is not limited to, conduct that does the following:
 - 1. Causes physical harm to a student or a student's property or causes a student to be in reasonable fear of harm to person or property;

However, prohibited conduct need not be based on any particular characteristic defined in this paragraph or the MHRA.
- E. "Malicious and sadistic conduct" means creating a hostile learning environment by acting with the intent to cause harm by intentionally injuring another without just cause or reason or engaging in extreme or excessive cruelty or delighting in cruelty.
- F. School district property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.
- G. "Prohibited conduct" means bullying, cyberbullying, malicious and sadistic conduct, sexual exploitation, or retaliation or reprisal for asserting, alleging, reporting, or providing information about such conduct or knowingly making a false report about prohibited conduct.

- I. "Student" means a student enrolled in a public school or a charter school.

IV. REPORTING PROCEDURE

- A. Any person who believes he or she has been the target or victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.
- C. The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

- D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.
- E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.
- F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, work assignments, or educational or work environment.
- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Within three (3) school days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.

- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.
- C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and the student's developmental age and behavioral history. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy, and other applicable school district policies; and applicable regulations.
- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent or guardian of students who are targets of bullying or other prohibited conduct and the parent or guardian of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law. For purposes of notification presumed under this paragraph, a parent or legal guardian may designate in writing to the school another individual to be notified of the prohibited conduct.
- F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the school district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct.

VII. TRAINING AND EDUCATION

- A. Consistent with its applicable policies and practices, the school district must discuss this policy with students, school personnel and volunteers and provide appropriate training for all school district personnel to prevent, identify, and respond to prohibited conduct. The school district must establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed school

personnel must receive the training within the first year of their employment with the school district. The school district or a school administrator may accelerate the training cycle or provide additional training based on a particular need or circumstance. This policy shall be included in employee handbooks, training materials, and publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.

- B. The school district shall require ongoing professional development, consistent with Minnesota Statutes, section 122A.60, to build the skills of all school personnel who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. Such professional development includes, but is not limited to, the following:
 - 1. Developmentally appropriate strategies both to prevent and to immediately and effectively intervene to stop prohibited conduct;
 - 2. The complex dynamics affecting a perpetrator, target, and witnesses to prohibited conduct;
 - 3. Research on prohibited conduct, including specific categories of students at risk for perpetrating or being the target or victim of bullying or other prohibited conduct in school;
 - 4. The incidence and nature of cyberbullying; and
 - 5. Internet safety and cyberbullying.
- C. The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying and other prohibited conduct.
- D. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.
- E. The administration is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying and other prohibited conduct, to value diversity in school and society, to develop and improve students' knowledge and skills for solving problems, managing conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

The administration must establish strategies for creating a positive school climate and use evidence-based social-emotional learning to prevent and reduce discrimination and other improper conduct.

The administration is encouraged, to the extent practicable, to take such actions as it may deem appropriate to accomplish the following:

- 1. Engage all students in creating a safe and supportive school environment;
- 2. Partner with parents and other community members to develop and implement prevention and intervention programs;
- 3. Engage all students and adults in integrating education, intervention, and other remedial responses into the school environment;

4. Train student bystanders to intervene in and report incidents of bullying and other prohibited conduct to the schools' primary contact person;
 5. Teach students to advocate for themselves and others;
 6. Prevent inappropriate referrals to special education of students who may engage in bullying or other prohibited conduct; and
 7. Foster student collaborations that, in turn, foster a safe and supportive school climate.
- F. The school district may implement violence prevention and character development education programs to prevent or reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.
 - G. The school district shall inform affected students and their parents of rights they may have under state and federal data practices laws to obtain access to data related to an incident and their right to contest the accuracy or completeness of the data. The school district may accomplish this requirement by inclusion of all or applicable parts of its protection and privacy of pupil records policy in the student handbook.
 - H. The school district designates the building principal as the primary contact person in the school building to receive reports of prohibited conduct

VIII. NOTICE

- A. The school district will give annual notice of this policy to students, parents or guardians, and staff, and this policy shall appear in the student handbook.
- B. Article II, paragraph D. regarding malicious and sadistic conduct must be conspicuously posted throughout each school building.
- C. This policy shall be conspicuously posted in the administrative offices of the school and the school district in summary form.
- D. This policy must be distributed to each school district or school employee and independent contractor, if the contractor regularly interacts with student, at the time of employment with the district or the school.

12. Parent/Guardian Refusal for Student Participation in Statewide Assessments [*]

Statewide Assessments: Parent/Guardian Participation Guide and Refusal Information

Your student's participation in statewide assessments is important as it allows your school and district to ensure all students have access to a high-quality education. In the past, students with disabilities and English learners were often excluded from statewide assessments. By requiring that all students take statewide assessments, schools and teachers have more information to see how all students are doing. This helps schools to continuously improve the education they provide and to identify groups, grades, or subjects that may need additional support.

Assessments Connect to Standards

Statewide assessments are based on the [Minnesota Academic Standards](#) or the [WIDA English Language Development Standards](#). These standards define the knowledge and skills students should be learning in K–12 public and charter schools. Minnesota prioritizes high-quality education, and statewide assessments gives educators and leaders an opportunity to evaluate student and school success.

Minnesota Comprehensive Assessments (MCA) and Minnesota Test of Academic Skills (MTAS)

MCA and MTAS are the annual assessments in reading, mathematics and science that measure a snapshot of student learning of the Minnesota K–12 Academic Standards.

ACCESS and Alternate ACCESS for English Learners

The ACCESS and Alternate ACCESS are the annual assessments for English learners that provide information about their progress in learning academic English based on the WIDA English Language Development Standards.

Statewide Assessments Help Families and Students

Participating in statewide assessments helps families see a snapshot of their student's learning so they can advocate for their success in school. High school students can use MCA results:

- For course placement at a Minnesota State college or university. If students receive a college-ready score, they may not need to take a remedial, noncredit course for that subject.
- For Postsecondary Enrollment Options (PSEO) and College in the Schools programs.

English learners who take the ACCESS or Alternate ACCESS and meet certain requirements have the opportunity to exit from English learner programs.

Taking Statewide Assessments Helps Your Student's School

Statewide assessments provide information to your school and district about how all students are engaging with the content they learn in school. This information helps:

- Educators evaluate their instructional materials.
- Schools and districts identify inequities between groups, explore root causes and implement supports.
- School and district leaders make decisions about how to use money and resources to support all students.

Student Participation in Statewide Assessments

Student participation in state and locally required assessments is a parent/guardian choice. If you choose to have your student not participate in a statewide assessment, please provide a reason for your decision on the form. Contact your student's school to learn more about locally required assessments.

Updated April 21, 2022 - Page 1 of 2

Consequences of Not Participating in Statewide Assessments

- The student will not receive an individual score. For ACCESS and Alternate ACCESS, the student would not have the opportunity to exit their English learner program.
- School and district assessment results will be incomplete, making it more difficult to have an accurate picture of student learning.
- Since all eligible students are included in some calculations even when they do not participate, school and district accountability results are impacted. This may affect the school's ability to be identified for support or recognized for success.

Check with your local school or district to see if there are any other consequences for not participating.

Additional Information

- On average, students spend less than 1 percent of instructional time taking statewide assessments each year.
- Minnesota statutes limit the total amount of time students can spend taking other district- or school-wide assessments to 11 hours or less each school year, depending on the grade.
- School districts and charter schools are required to publish an assessment calendar on their website by the beginning of each school year. Refer to your district or charter school's website for more information on assessments.
